The Board reviewed and considered rental quote for chipper. We did receive a quote from the Calvin Group for a 2007 Etnyre K that is available just outside of Pittsburgh and the rental price for two (2) weeks is \$13,000. This is the machine that Kelly and Guy went to view and Guy was able to run the machine as well. Solicitor Jones confirmed that the Township road crew would be completing the work. Supervisor Stowe asked if the machine was for sale? Vice Chairman Smith advised he believed it was for around \$165,000 when they spoke to the gentleman when they went to view the machine last week. They took pictures of everything and Guy was able to run the machine. Supervisor Stowe asked if we rent this machine and it's available for sale would the rental price come off the purchase price? Chairperson Zinza stated that is something that could be discussed if they submit a sealed bid for purchase of the machine. A motion was made by Kelly Smith and second by Keith Stowe to rent the chipper for two (2) weeks at a rental price of \$13,000 (includes delivery) to be paid from the gas fund. The Board voted all in favor; motion carried.

provide a quote. Unfortunately they are scheduled 6-8 weeks out so they wouldn't be able to get the foundations in before the playground gets installed. The Board discussed the dimensional requirements provided by the DCNR and whether our crew can do the work instead of paying another company to come in. A motion was made by Virginia Zinza and second by Kelly Smith to table this, find out if the quote from Bayer is a typo error, contact Taylor Engineering and confirm thickness of the slab and we can have our guys do the forms, Keith could figure out how many yard of concrete we need.
